Bonnie,
Attached is a proposed re-route for the Iowa Network Services cable along Hwy 92 in Warren County.

Please get with me if you have any questions of concerns.

Thank you,
Jeff Klocko

Thank you Bonnie,
I will check into this.

Thanks Again,
Jeff

October 17th sent out by Jeff McCollough and you should have received. You should get a separate email for the FTP site.

Bonnie,
I got to figure out what's going on here.
This is the second email I missed from you this last year.
Do you know the exact date in October that you sent it out.

If I can get that, then I can have IT figure out what's going on.
I will also need the link to the FTP site.

Thank you,
Jeff Klocko

You were sent a set of plans and request for your final work plans for relocation on the above mentioned project in October. I need to have this returned to me by Thursday January 10, 2013. I sent you an ftp site for you to review the plans again. Thank you.
