Bonnie,

Per our conversation, PAETEC/McLeodUSA CDC MU1 does not have any facilities within your proposed project area.

The ICN does have a fiber line along Hwy 92 but you have already been in contact with Larry Klawitter.

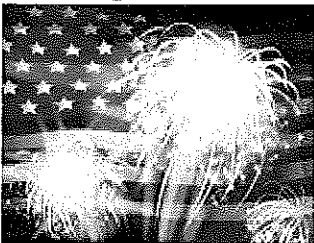

Thanks for the follow up call.

Subject: UTILITY MEETING FOR WARREN COUNTY PROJECTS

When: Tuesday, January 10, 2012 10:00 AM-12:00 PM (UTC-06:00) Central Time (US & Canada).

Where: COUNCIL CHAMBER MEETING ROOM

The Iowa DOT will be holding a meeting with Utilities on the Warren County projects on I35 around Cummings and IA 92 west of Indianola.

I am sending out a CD with the plans for the I35 projects. The updates for the IA 92 projects should be available soon and I will send those out as soon as I can.

This meeting is to get the utility companies, our Design team and our District staff together to answer and address any questions or problems concerning these projects. Please look over the plans. If your utility will NOT be affected by our project, please email me and let me know. Hope that all of you can make this meeting.

Meeting will be held at 10 AM on January 10, 2012 at the Council Chamber meeting room in Indianola located at 110 N. 1st Street, Indianola, Iowa.

Thank you,

Bonnie Clancy

IA DOT Utility Coord.
