

BA-PW

Wording to be put in the special requirements section of Utility Accommodation Permit, Work within Right of Way Permit.

All work done under this utility accommodation permit must conform to Buy America requirements in accordance with 23CFR 635.410 as it relates to permanently incorporated steel and/or iron materials. Three supporting documents are attached to this permit. BA1 is a guide of why Buy America applies and how to apply Buy America requirements. BA2 and BA3 need to be signed and submitted to the DOT with the permit application. Failure to comply with Buy America requirements may result in revoking large government contracts and possible fraud charges.
