### Buy America Certificate of Compliance

Utility Manufacturer/Supplier (Iowa) April 22, 2014

**This certification is Manufacturer Specific for specific part numbers**

The Iowa Department of Transportation and its subgrantees must assure that all manufactured products purchased or donated for permanent installation in a utility relocation under specific conditions are produced in the United States, or meet certain conditions. Section 1518 of the MAP-21 legislation expanded 23 CFR § 635.410 to cover utility relocations. The referenced part numbers on page 2 are parts that are more than 90% iron or steel by weight and are compliant with the requirements listed below. This form allows for certification of compliance for these specific part numbers for specified part manufacturers/suppliers:

**§661.6 Certification Requirement for Procurement of Steel or Manufactured Products.**

If steel, iron, or manufactured products (*as defined in §§661.3 and 661.5 of 49 CFR*) are being procured, certificates to verify compliance shall be completed and submitted by each supplier in accordance with the requirements contained in §661.13(b) of 49 CFR. 23CFR § 635.410 lists possible exceptions. Certifications (mill certs etc.) for the raw materials used in the parts listed above must be provided during the month of December for the raw materials used to make the listed parts in that calendar year. For example, paperwork is provided in December of 2014 for all the listed part numbers fabricated in calendar year 2014. Send certifications to:

Bryan Bradley,  
Iowa DOT  
800 Lincoln Way  
Ames, IA 50010

**Certification retention:** Manufacturer must retain certification paperwork for all Buy America materials for a period of 5 years from the date of issuance of this certification document. Audits of the certification paperwork by DOT personnel may occur up to the end of the holding period.

**Certificate of Compliance with 49 U.S.C. 5323(j)(1)**

The company hereby certifies that the parts listed below will meet the requirements of 49 U.S.C. 5323(j)(1), and the applicable regulations in 49 CFR Part 661. The company will provide the material certifications in the manner described above. This certificate will be good until the end of the calendar year it is issued. Issuing of a new certification document such as this will be required in January of each year and be effective until the end of that calendar year. Failure to provide the certifications at the end of the calendar year will result in non-acceptance of new certifications and possible fraud charges.
