1. Describe your proposed relocation plan for the above project, as requested in the enclosed letter, using highway stationing whenever possible. Attach extra sheets if needed.

*MidAmerican Energy Company does not have any electric transmission lines affected by the proposed road project.*

2. Conflicting utility facilities will need to be relocated prior to construction. If this is not feasible, please explain and also identify what work will require coordination with the highway contractor during construction.

*N/A*

3. Anticipated start date: *N/A*

4. Estimated construction time required (in **working** days): *N/A*

5. List the approvals required and the expected time schedule to obtain those approvals. Related to this, please include a list of DOT real estate parcels that the State must have acquired to enable your company to complete the necessary facility installations and relocations prior to construction.

*N/A*

6. Review the enclosed plans for the above project. Are your facilities correct as shown? If not, list the errors. In some cases, it may be easier to return a marked up copy of the plan. **It is very important that your facilities are shown correctly since this information will be used by all construction field personnel. Uncorrected location errors could create construction delays.**

N/A

7. Is this work dependent on work by other utilities? If so, which other utilities, and what time schedule has been coordinated with them?

N/A

8. Please provide the name, address, and phone number of the field contact person for this project, so that we may place this information on the highway plan.
