

## INFORMATION TO UTILITIES FOR UPCOMING JULY 2020 LETTING (U04 FOR PROJECT NUMBER NHS-080-6(372)239--11-52

**IMPORTANT:** As part of the Point 25 Process, your response is required. Utility companies are to review the new information and respond detailing whether their utilities are impacted and submit a work plan IF they are impacted. If you were involved in a prior relocation, it is anticipated that your conflict is resolved and the below items are for information only and to coordinate items if need be. Please note, it is still the Utility Company's responsibility under the Point 25 Process for identifying if they impacted and this document shall be used as an aid only. Please review all information.

This document was created to provide a summary of information to utility companies to assist with coordination and identification of the work which is included in the July 2020 Letting. The bulleted items below provide a summary of each document included with the U4 for a quick reference to important information.
