To Office: Right of Way

Date: December 28, 2012

Attention: M. J. Sankey

Project: Story County
STPN-210-3(37)--2J-85 ADA Ramps
PIN: 10-85-210-010

From: Jesse Tibodeau

Office: District 1

Subject: Right of Way Submittal (D5)

This District 1 3R project includes HMA resurfacing and replacing sidewalk ramps on IA 210 in Maxwell.

Traffic will be maintained during the project.

Access rights will not be acquired on this project.

Temporary easements are required for several sidewalk ramps, specifically locations 2, 5-21, and 23-25 as shown in the S sheets of the plans (link below).

The project directory is: <W:\Projects\8521001010\DistrictDesign\37>. PDF files of the plan sheets can be viewed at: [W:\Projects\8521001010\DistrictDesign\37 D5 ROW\D5 Plans STPN-210-3\(37\)--2J-85.pdf](W:\Projects\8521001010\DistrictDesign\37 D5 ROW\D5 Plans STPN-210-3(37)--2J-85.pdf). Since the sidewalk ramp sheets are based on photos, the file "ProjectDocumentationShell_V8.xls" was not included for this submittal.

The temporary easement needs are shown in the S sheets as black hatch patterns.

If a temporary easement cannot be obtained from a property owner, the ramp work will either proceed (with a note placed in the letting plans telling the contractor the work limits will be limited to the back of sidewalk) OR the ramp work will be modified to stay within the right of way.

Borrow required for this project will be furnished by the contractor.

The current letting date is May 21, 2013.

You may indicate your acceptance or request additional information by e-mail.

D-5 Checklist:

- D-5 shell letter completed
- Complete x-sections available
- Plans and cross section files have been sheeted for batch plotting.
- Culverts and structures complete
- Overhead signs and signals preliminary location identified.
- Structure TS+L for all 4' and larger, pipes or culverts.
- Entrance (PDA) locations match access control letter
- Entrance profile(s) on the plans and x-sections
- Stability berms completed
- Final ditching done
- Borrows identified
- Wetland ROW requirements identified
- Plan sheets checked for Township Range, scale, and other details
- Plan sheets PDFs created and check printed
- Tab sheet for special needs included
- Utility Legend
