Made in the USA

CBP Single Phase Box Pads	Catalog Page (PDF)	Installation Page
	<ul style="list-style-type: none"> • Manufactured of Compression-Molded Fiberglass. • Fire retardance and UV additives are permanently molded in throughout the laminate. • Pigment is permanently molded into the fiberglass. • Nominal 3/16" laminate thickness. • Vertical ribs molded in to increase side wall stiffness 	

GS Single Phase Box Pads	Catalog Page (PDF)	Installation Page
	<ul style="list-style-type: none"> • Produced from fire retardant resin. • Combination chopped glass spray up and hand lay-up with woven roving. • Nominal 1/4" laminate thickness. • Vertical ribs molded in to increase side wall stiffness. • Exterior covered with a UV-stabilized gel coat. 	

Guideline for determining product size
 CBP-37-43-15A-MG-22x24 =
 37"W x 43"D x 15"H.
 MG=Munsell Green,
 22x24=22"W x 24"D Top Opening

Using this method would be fairly close to using concrete, but everything could be installed in one trip - 2 day install 2-men

695.00 →

This is oversized to get 48" depth they will put top on to accommodate our cabinets
