

On Wednesday, February 19th, 2020 at about 5:28 pm, a WWD was reported traveling WB in the EB lanes of I-80 at MM 239. The WWD is not seen on any area cameras, but a blind spot exists between ICTV01 (whose header is mislabeled as QCTV19 in the archived video) and ICTV02. The most likely points of entry are the I-80 EB Rest Area and Ireland Ave. Given the heavy traffic and lack of a crash, the WWD probably quickly self-corrected.
