

On Monday, November 9th, 2020 at 6:40 pm, a vehicle NB on Black Hawk Ave turned right onto the I-80 EB entrance ramp and took the loop the wrong way (WB in EB). The WWD stopped in the exit gore. The driver then turned around and returned to the two-way portion of the ramp, stopping again. The driver then turned around and took the ramp the correct way to go EB in the EB lanes of I-80.
