

On Tuesday 3/26/2019 around 11:37 AM a WWD was reported by Cedar Rapids PD. WWD was traveling SB in the NB lanes near Glass Road. The WWD was not seen by cameras CRTV15, CRTV14, CRTV13, CRTV12. This leaves two possible points of entry for the WWD, off Coldstream Ave. or 42nd Street. Traffic was heavy so WWD is assumed to have self corrected shortly after entering the road the wrong way.
