

On Saturday, June 13th, 2020 at 2:37 pm a WVD was reported traveling WB in the EB lanes of US-30 at Edgewood Rd. Traffic was heavy at this time. The WVD could not be found on CRTV25 or CRTV26. Cedar Rapids Police were unable to locate the WVD.

Based on the camera coverage, the most likely path was entering the US-30 EB exit ramp at Edgewood Road going the wrong way, but self correcting before reaching the mainline.
