

On Tuesday, July 14th, 2020 at 7:47 pm, a WWD was reported blocking the inside WB lane of IA-100 facing EB at Edgewood Rd. Footage from CRTV35 showed that the WWD drove the WB entrance ramp going WB, but turned sharply at the end of the ramp to go EB in the WB lanes. Immediately after making this turn, the WWD stopped and did not move again. ISP arrived, detained the WWD, and towed the vehicle.
