

On Sunday 12/30/2018 around 12:00-12:30 AM dozens of drivers were seen heading the wrong way on the US 65 ramp for I-80 West. There was a severe crash on I-80 that closed the Interstate and traffic was backed up to this intersection. Traffic was at a standstill and some drivers turned around and headed the wrong way on the ramp to get out of the traffic.
