

Point of entry is assumed to be off NE 46th Ave as cameras DM 26 (I-80 at US 65) facing West and DM 56 (I-80 at 34th Ave) facing east did not see a WWD. Camera DM 27 (US 65 at NE 46th Ave) had very poor quality and was unable to confirm POE.

On Saturday 3/23/2019 at 11:44 PM a WWD entered US 65 and traveled SB in the NB lanes. The WWD continued on to IA 5 where the driver was stopped by a patrol car near SW 9th Street. WWD drove over 15 miles before being stopped.
